

## Immediate Opening Physical Therapist – Part Time

**The Bedford Center**, an Adult Day Health Care facility, located a short 15 minutes from Highway 680 just off Highway 4 is looking for initially an 8 hour a week, part-time PT with an increase in hours this fall! Our center provides a fun, safe and healthy day care setting for adults with disabilities and complex medical condition from 9:30-3:00 Monday through Friday. Our PT works as part of a very strong Inter-Disciplinary Team (IDT) comprised of a RN, OT, RD, Social Worker and Activity Coordinators to ensure proper treatment plans are created, followed and updated on a regular basis. Hours have some flexibility.

### **Essential Functions of the Position:**

- Provide an assessment, establish a treatment plan based on the assessment, schedule and perform treatment.
- Modify treatment plans based on subsequent reevaluations or with any changes of status.
- Select evaluation and treatment methods appropriate to the participant's physical and emotional status, diagnosis, and age group to formulate an appropriate care plan.
- Provide muscle, nerve joint and functional ability tests; treatment to relieve pain, develop or restore function; assistance to achieve and maintain maximum performance.
- Provide educational information about physical therapy, injury prevention, ergonomics and ways to a promote health to participants and staff.
- Develop activities for the general maintenance programs. Review and make changes as needed.
- Report on progress of participants by preparing and maintaining accurate participant records, complete assessments, treatment plans, progress notes, IPC's and discharge summaries.
- In cooperation with other staff members, develop and implement in-service training programs for Center staff.
- Participate as a member of the multidisciplinary team (MDT).

### **Minimum Qualifications:**

- Current Physical Therapy license
- Would prefer, but not required, at least one year's experience in rehabilitation or home health setting within the past five years.
- Must be able to demonstrate the knowledge and skills necessary to provide care primarily to the frail and/or elderly populations including people with Alzheimer's or dementia.

### **Hours:**

- 8 hours per week with an increase in hours in Fall 2018 / Some flexibility with schedule, between M-F 9:30-3:00

### **Applications:**
